

# Event Industry Meeting Forum Dublin 6 - 8 July 2011

An exclusive event, by invitation only, to experience a luxurious destination combining business with social networking to develop strategic partnerships within the MICE Industry.

Networking with hotels, hotel groups, conference centres, DMCs, tourist boards, convention bureaus & unique venues you will expand your portfolio across the UK, Ireland and Europe.

# Two days you simply can't afford to miss

Meet In forums are designed to be a great use of time where partnerships can be forged with high quality suppliers in fantastic surroundings over a two day seminar of scheduled meetings, educational and social sessions. Our latest forum is no exception as we have secured the prestigious five star Carton House Hotel in Dublin, Ireland.

We believe all delegates will leave well informed and much better connected as a result of the social and educational programme which Meet In has developed.

The ratio of buyers to suppliers will allow all delegates to meet in either a scheduled meeting or an organised social networking event.

High quality facilities and a thoughtfully prepared programme will make this forum the most efficient and cost effective use of your time.

The following expenses will be covered for hosted buyers: return flights, two nights accommodation, all meals on the programme and social activities.

It is important that applicants to the hosted buyer programme operate in the UK, Irish and European events industry and have significant business to be placed in the future.

The programme includes:

- "Welcome drinks" reception & networking dinner.
- Organised meeting schedule.
- Team building / networking activity.
- Gala dinner.
- 5 star luxury accommodation at The Carton House Hotel.
